Re: Provincial Endorsement of the Initiative

Cst. Dale,

On behalf of the Saskatchewan Association of Chiefs of Police (SACP), I am pleased to express our support for this initiative and its objectives at a provincial level.

The SACP represents senior policing leaders across Saskatchewan and is committed to initiatives that enhance public safety, promote collaboration, and support evidence-informed, community-focused approaches to policing. We recognize the value of initiatives that strengthen partnerships, improve outcomes for vulnerable populations, and contribute to the overall effectiveness and sustainability of policing services.

This initiative aligns with these principles and reflects a proactive approach to addressing complex social and public safety challenges through cooperation, prevention, and shared responsibility.

The Saskatchewan Association of Chiefs of Police is supportive of the continued development and implementation of this initiative and encourages appropriate collaboration among stakeholders as it progresses.”
